OBERLE TONIGHT.

Oberle Company to Present "The Big Casino" Tonight.

After a highly successful tour of Arizona and New Mexico, Thomas Oberle and his very able company will make their premier bow before a Prescott audience tonight.

The offering will be a rapid-paced farce entitled "The Big Casino," in which the Oberle forces are seen to flourish.

At the special Thanksgiving day matinee tomorrow, the bill will be Dion Boucicault's great picture of southern life and customs, "The Octoroon." This is one of the most masterful of the Oberle performances and is especially appropriate for a holiday.

In a long article reviewing the Oberle interpretation of "The Octoroon," the Phoenix Republica of October 18 last, said:

"The Oberle company last night presented 'The Octoroon' to a large and enthusiastic audience, and in doing so added new laurels to its rapidly increasing fame as an aggregation of real artists. The piece is not a new one by any means, and it has been presented in Phoenix before, never as seen at last night's performance. It is intensely interesting and comprises a great variety of characters, thereby avoiding any approach to the monotonous. The special scene provided for this play is of itself an interesting feature. In this case was Walter Belasco in 'Pete, too old to work, huh,' for the first time appears in an important role, and that he scored a magnificent success was testified to by loud and frequent applause. His make up and his dialect combined to give the picture of the character he assumed so perfectly in his attitude and gestures.

"Wah-no-tee, the big chief of the Lepan tribe, was, of course, Tom Oberle, who shines in anything heroic, whether it be savage or civilized. As a brave with a scolding knife and hatchet there was more to him than red paint. He knew how to use talk words and when necessary be as dignified as Caesar.

MONDAY CLUB SURPRISES

Its President by Holding a Meeting Not on the Programme, and Presents Her With a Gold Watch.

The ladies of the Monday Club held a special meeting recently at the residence of Mrs. F. A. Trille, president of the club, which was not down on the annual programme and which was not provided for in the minutes of any of the meetings of the club. In fact their popular president was not looking for them or expecting them, and when the ladies commenced to arrive singly or in groups they were met with a cordial welcome by their president, but the latter insisted that it was all a mistake, that no meeting had been ordered. Of course each member affected surprise, at this piece of information and could not understand why she as well as so many others could have made such a mistake.

After the members had all arrived the object of the meeting was disclosed, and which proved a complete surprise to their already surprised hostess and president. Mrs. Trille was largely instrumental in organizing the club and in fact it was through her efforts that it was organized. During six of the seven years of its existence she has been its president, a position she occupies at present, and the credit for a large share of the success which it has achieved during these years belongs to her. She is about to sever her connection with the club for a time if not permanently, and this meeting had been arranged among the members without the knowledge of their beloved president for the purpose of showing their appreciation of her services in the club. The old saying that "a woman cannot keep a secret" found a forcible denial in the meeting for while it had been the subject of talk among the members for days, not even the remotest hint of it or of its purpose had been given to Mrs. Trille.

The token through which they manifested their love and esteem for their president was a very handsome gold watch which was presented to her.

The presentation speech was made by Mrs. T. W. Otis in her happiest vein, and she always a pleasing talker. Mrs. Trille made a very feeling address in response thanking the ladies for their gift. Refrainments which the ladies had brought with them were then discussed, rounded off a very pleasant and long to be remembered meeting of the Monday club.

His Life in Peril.

"I just seemed to have gone all to pieces," writes Alfred Boe of Welfare, Tex., "billions and a lame back had made life a burden. I couldn't eat or sleep and felt almost too worn out to work when I began to use Electric Bitters, but they worked wonders. Now I sleep like a top, can eat anything, have gained in strength and enjoy hard work." They give vigorous health and new life to weak, sickly, run down people. Try them. Only 50c at all druggists.

## HANDICAPPED.

The man who started to run a race in chains and fetters would be very handicapped. No one would expect him to succeed. The man who runs the race of life when his digestive and assimilative organs are diseased is equally handicapped. In the one case his strength is over-weighted, in the other it is under-weighted. Success demands above all a sound stomach.

Doctor Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. When this is done food is perfectly digested and assimilated and the body receives strength in the only way in which strength can be given—the nutrition derived from digested and assimilated food.

"The price I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James B. Ashurst, Esq., of 1225 Kiffin street, Huntington, Pa. "I was taken with what our physician here said was indigestion. I doctored with the best of the old case and found no relief. I wrote to you and you sent me a question book to fill out. I filled it out and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so much better that I bought a fourth. I have no symptoms of gastric trouble except a slight acidity of the stomach."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good."

Dr. Pierce's Common Sense Medical Adviser, sent free on receipt of stamps to cover expense of mailing only. Twenty-one one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE BEST OF ALL.

The November number of Ten Story Book is one of the most striking issues yet put on the market. A handsome and unique cover design by Ike Morgan is particularly fetching. The list of stories this month is even stronger than it has heretofore appeared in this popular little magazine. Octave Thanet is given the place of honor. "The Drop of Hat," is thrilling and dramatic in the extreme. It deals with an incident in the most crucial periods of the civil war. Don't fail to secure a copy of this number of Ten Story Book. It is the best thing on the market. Daily Story Publishing Co., 283-289 Dearborn street, Chicago.

Drilling Contest.

The undersigned committee on drilling contests have apportioned the following prizes for the miners' drilling contest to be held in Prescott during the week of the carnival, December 1 to 6:

Double hammer, first prize, \$350.

Double hammer, second prize, \$150.

Single hammer, first prize, \$150.

Single hammer, second prize, \$75.

An entrance fee of \$10 will be charged each team in the double hammer and \$5 for each contestant in the single hammer. Not less than three to enter in each contest.

A \$50 bill banner will be awarded the labor union, in the territory, that has the largest membership in the parade on the morning of the Special labor day, which day will be an announced later. In addition to the above prizes Eagles lodge will give three initiations. The third team in the double hammer contest and the third man in the
